New Work SE - for a better working life

We believe in a world of work where people can find their true self and achieve their full potential. This not only makes individuals more satisfied and happier, it also makes companies more successful.

Olá Porto! We opened a new tech office in beautiful Porto two years ago and we are looking for great people to join our team!

Every single day, our ten prestigious brands, products and services help shape the future of work by focussing on people – For a better working life. Within the New Work SE and its subsidiaries, you will be part of an organisation with almost 500 amazing developers and a healthy learning culture that involves pair programming, different communities of practice, joint Hack week projects and more. While most of our products focus on the German speaking market, our development teams are collaborating from 6 offices across Europe. Our working culture is international, our working language English and you will find a technology-driven environment that enables you to grow professionally.

Data Engineer Intern (f/m/x)

A challenging task

- Apply data engineering to deliver efficient tools for data collection and processing
- You collaborate actively with other teams in XING's data environments

- You embrace learning new technologies
- Create and present ad-hoc analyses in a clear manner
- Participate in developing machine learning solutions, e.g. recommendation systems
- Extending and broadening your skills with help and mentoring of experienced teammates

Convincing background

- You study or have a degree in computer science or related fields and/or have acquired equivalent software engineering experience
- You have a good understanding of programming paradigms, OOP, data structures, git, etc. and can write standalone programs
- You have done course works and/or projects that demonstrate your proficiency in programming and/or data analysis
- You understand how relational databases work and can write SQL queries
- You have a positive mindset, team spirit and the social skills to work in a highly international and distributed setup
- You are eager to learn new languages and frameworks, improve your skillset and share your knowledge
- Some experience in the field of machine learning and /or big data is a plus
- Working knowledge of Python and Scala is a plus

An inspiring environment

- The New Work SE offers a dynamic environment, as well as flexible working hours. The New Work SE is heading to more flexibility of working remotely. Our New Mobile Office 50% policy combines both – more flexibility in working outside our Offices & face-to-face collaboration.
- The chance to work on a large, highly distributed platform with over 18 million users
- Varied tasks, uncomplicated interactions with your colleagues as well as many opportunities to bring in your own ideas await you
- Innovation/hack weeks every few months where you can unleash your creativity and ideas
- Regular events: such as Social Days, company meetings, game nights, tech talks, just to name a few of them.
- Health Insurance for you and your kids – you can still add your partner at a small cost that will be deducted from your monthly salary.
- An Employee Assistance (confidential) Program to assist you with personal problems and/or work-related problems that may impact your job performance, health, mental and emotional well-being
- 2 days of vacation per month + 2 days off (Christmas eve and New Year's eve)
- A multicultural environment with employees from all over the world, who have various technology backgrounds,
- Free breakfast, organic fruit, drinks, snacks, newbies special lunches and much more
- If you're feeling really sporty, we also have great gym deals, running club and various other protocols
- Want to bring your pet to the office? No problem at NEW WORK
- Competitive salary

We contribute into open source <https://github.com/xing> and let the world know what we are doing (<https://devblog.xing.com>) and organize public user groups and coding events. Check out our XING engineering blog at <https://tech.xing.com/>.

Your turn: If you think this position is right for you and that you can help us make XING big in Porto, we'd be delighted to talk to you. Simply apply below.

Not the right job for you? Don't worry! You're more than welcome to send us an unsolicited application!

One Team - One Vision: XING KickOff 2018
