## UI Designer (m/w/x)

### **Be part of the kununu engage family!**

kununu engage is a SaaS tool that tracks and measures employee sentiment in order to help companies create better work environments for their employees.

As a subsidiary of kununu.com and XING, we have aspirations to take this global and therefore we need you to help us grow!

### **A challenging task:**

- You work closely with our product & UX teams to create compelling and consistent user experiences across all our platforms.
- You craft world class standards and style guides for colors, icons, typography, graphics and motion concepts to improve our design process.
- You know where to leverage kununu's design system and where to push the envelope.
- You also collaborate closely with the development teams to translate the designs into real products.

- You work with product and UX teams to create testable prototypes and participate in user testing.
- You provide excellent and clearly detailed documentation of designs to stakeholders and communicate design rationale clearly.

### A convincing background:

- You have at least five years of professional experience and a strong portfolio that demonstrates a track record of creating user experiences and effective problem-solving.
- You are a master of the design tools like Adobe CS, Photoshop & Illustrator, Sketch etc.
- You take pride in producing high quality guideline documents and assets for development teams.
- You are passionate about balancing visual design with usability and human-centered design principles.
- You have a good HTML/CSS knowledge with JavaScript and the ability to create clickable prototypes.
- You have a great understanding of web and mobile design patterns and new emerging trends.
- You bring a data and research driven design approach that always keeps the user at the forefront.
- You are fluent in English and also in German (not mandatory though).

### An inspiring environment:

- With your creativity and your strong designing skills, you help us spread the idea of transparency.
- You have the possibility of working in our Berlin or Vienna offices.
- We take pride in providing an innovative and dynamic environment with flexible working hours.
- Varied tasks, uncomplicated interactions with your colleagues as well as many opportunities to bring in your own ideas await you.
- We offer you a variety of training options and regular team events.
- In addition, we provide daily restaurant vouchers, organic fruits and drinks.
- Your MacBook can also be used for personal activities outside of work and you have 6 weeks of vacation per year.

**Berlin**

**40 h / week**

**Sounds good to you? We're looking forward to hearing from you!**
